Speech Therapy Activities In A Virtual World

By: Ade Otubanjo TSLD MA
CCC-SLP

Virtual Speech Therapy

In a virtual session, a therapist may evaluate a person's speech and language or offer them strategies for correcting speech and language concern or help them practice new speech patterns to improve communication. I will be sharing some activities for speech.

ABCYA

ABCYA is a speech learning game for pre-k through middle school. It has letters to trace and learn about. ABCYA is built for improving speech and communication.

Boom Learning

Boom Learning is a platform that allows speech therapist to download free or paid digital activities for students of all ages targeting various “wh-questions”.

GetEpic.Com

Epic is a game with online books to read. They have all kinds of books about fiction, non fiction, art, baby animals, backyard animals, and emotions. They also have videos about stories and fun games.

epic!

JeopardyLabs.com

Jeopardylabs is a good game because it allows you to create your own questions and your own game with a little fun reward. For example, you could create a question with noun, adjectives, and verbs.

Homer

Homer is really good for speech you can trace letters, read stories, and play games. Homer also teaches people to problem solve with activities.

Starfall.com

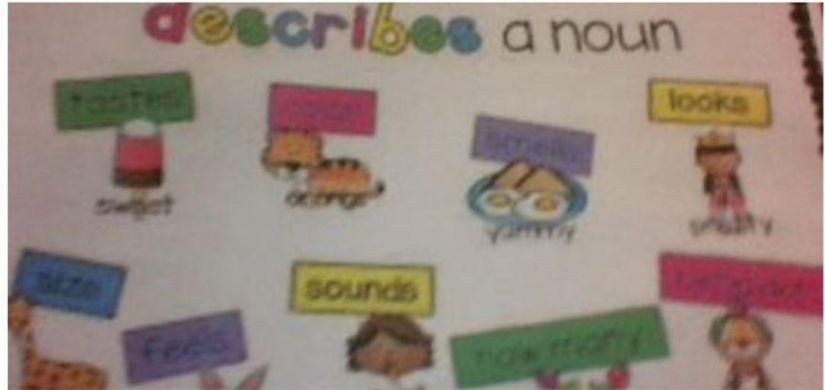

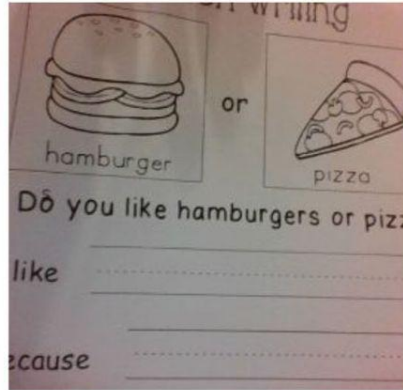

Starfall teaches children how to read by using games and phonics.

Vooks.com

Vooks stands for video books. There are many video books to watch on different categories for example animals, food, sports or morals etc. They also have video books on emotions. <https://www.vooks.com/>

Some of the work
that I do with my
students.

My students love the worksheets and games I use.
